

SENATOR MARSH: Thank you, Mr. President, and members of the Legislature. DES, taken by pregnant women, creates problems twenty years later. Three to five times the rate of ectopic pregnancy, at least twice the rate of miscarriage in the first and second trimester and at least three times the rate of premature labor, premature delivery or stillbirth, approximately twice the rate of carcinoma and statistically significant increase in the risk of breast cancer more than twenty years after mothers took this drug. This is the problem not only for the mothers who took the drug but for the daughters twenty years after. I ask your encouragement of voting for the resolution which has been presented by Senator Hoagland this morning that this week of the 21st to the 28th be designated as DES Awareness Week in Nebraska and we will be joining all the other states in this effort. I move for the adoption of the resolution.

PRESIDENT: Is there further discussion of LR 95? If not, the motion is to adopt that resolution. All those in favor vote yes, opposed vote no. The motion before you is the adoption of LR 95 as explained by Senator Marsh. Please record your vote. Please record your vote on LR 95. Have you all voted? Have you all voted? Record the vote, Mr. Clerk.

CLERK: 30 ayes, 0 nays on adoption of LR 95, Mr. President.

PRESIDENT: The resolution is adopted. LR 109.

CLERK: 109 was offered by Senator Goodrich, found on page 1729 of the Journal. (Read LR 109.)

PRESIDENT: The Chair recognizes Senator Goodrich.

SENATOR GOODRICH: Mr. President and members of the body, the purpose of this resolution is to...as the resolution actually states, to add on the job training and apprentice training for the...to the, rather, the federal Veterans Administration Education Act. In '66 Congress passed a Vietnam veterans education bill and then one year later added the on the job training and apprentice feature to that bill. And what we are doing is we are asking that...in this resolution we are asking Congress to take another look at the education training act that they just passed and add this feature to this bill also so that all veterans would be treated the same. There are no state dollars involved. The
